RADHE SHYAM SALOPANTHULA

FULL STACK DEVELOPER

I consider myself lucky to be unlucky to face failures which helped me to be who I am now. A **self aware** and **confident Being Human**. And this covid pandemic gets the whole credit for me learning **software development**. It's an unfortunate setback for whole world. But thankfully it helped to expand my skillset.

My personal skills include **Efficient Problem Solving**, **Deep Thinking**, and **Branding**
